# I. Panel of Experts on the Central African Republic

*($1,476,100)*

**Background, mandate and objective**

1. The Panel of Experts on the Central African Republic was established by the Security Council in its resolution 2127 (2013), in which the Council requested the Secretary-General to create, for an initial period of 13 months, a group of up to five experts under the direction of the Committee established in the same resolution to monitor an arms embargo. The mandate of the Panel was further extended to 28 January 2015 by resolution 2134 (2014), in which the Council adopted additional targeted measures. As a result of both resolutions, the sanctions regime that the Panel will monitor consists of an arms embargo, which prevents the direct or indirect supply, sale or transfer to the Central African Republic of arms and related materiel, an assets freeze and a travel ban. The mandate of the Panel is as follows:

(a) To assist the Committee in carrying out its mandate as specified in resolutions 2127 (2013) and 2134 (2014), including by providing the Committee with information relevant to the designation of individuals and entities that may be engaging in the activities described in paragraphs 36 and 37 of resolution 2134 (2014);

(b) To gather, examine and analyse information from States, relevant United Nations bodies, regional organizations and other interested parties regarding the implementation of the measures decided in resolution 2127 (2013), in particular incidents of non-compliance;

(c) To provide to the Council, after discussion with the Committee, an update no later than 5 March 2014, an interim report by 5 July 2014 and a final report no later than 5 November 2014;

(d) To assist the Committee in refining and updating information on the list of individuals violating measures imposed by paragraph 54 of resolution 2127 (2013), including through the provision of biometric information and additional information for the publicly available narrative summary of reasons for listing, and measures contained in paragraphs 30 and 32 of resolution 2134 (2014).

**Cooperation with other entities**

2. In carrying out its mandate, in addition to seeking the cooperation and assistance of Member States, the Panel of Experts on the Central African Republic is expected to seek the cooperation and assistance of regional and economic organizations, such as the African Union, the European Union and the Economic Community of Central African States; relevant operations in the field such as the African-led International Support Mission in the Central African Republic, the United Nations Integrated Peacebuilding Office in the Central African Republic and the African Union Regional Task Force; as well as other relevant sanctions monitoring teams, groups and panels.

**Planning assumptions for 2014**

3. It is anticipated that the Panel will carry out its mandated activities, in particular by monitoring the implementation of the relevant measures specified in resolutions 2127 (2013) and 2134 (2014). The Panel will collect information on and monitor the implementation by States of the measures imposed by the Security Council. Subject to the security situation, the Panel is expected to conduct extensive field work and on-site investigation of alleged violations and make recommendations thereon. The Panel is also expected to submit to the Council an update and an interim and a final report on its activities that would include specific recommendations.

4. The Panel, to be based in New York, will be supported by a Political Affairs Officer (P-3) and a Research Assistant (General Service (Other level)).
